

Happy Wednesday Community Friends:

Wow! Great news to share! Talk about a local business supporting a local non-profit! I have lost track of the number of times that Suburban Asphalt has assisted the Friends of Hales Corners Park & Pool this winter season with the ice rink. In addition, they have been helping the Friends for the last year raise the remaining funds for our projects in Hales Corners Park.

On behalf of the Friends of Hales Corners Park & Pool, the Milwaukee County Parks Department, the Village of Hales Corners and the surrounding communities please join me in thanking Terry Buss, President, Suburban Asphalt, and Don Crupi, (retired Greenfield paramedic & firefighter) for clearing the snow off of the temporary Alyson Dudek Ice Center in Hales Corners Park at 7:00 am this morning!

Please see the pictures below.

The Friends and I are blessed more than I can express to have Suburban Asphalt Company as an awesome community partner, friend and supporter.

Sincerely,

Donald G. Schwartz
