

Good Sunday Evening Community Friends:

This past Saturday morning Friends of Hales Corners Park & Pool volunteers, Don Paulus, Mike Seavert, AJ and his father Tony Campione met in 5 degree weather at the Alyson Dudek International / Community Ice Rink in Hales Corners Park to pick up litter, secure the snow fence with cable ties and resurface the ice. Please see the attached pictures.

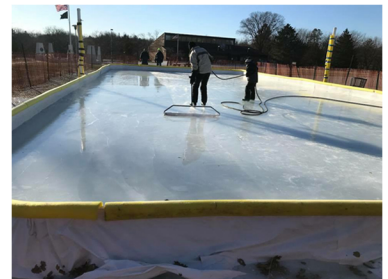

Tony brought his ice skates and AJ helped his dad with the hose and two coats of water were applied. It was a very impressive and smooth process with the work being accomplished with Tony's ice skates on!

On behalf of the Village of Hales Corners, the Milwaukee County Parks Department, the surrounding communities and the Friends of Hales Corners Park & Pool - well done guys!

Also, a week ago, on Saturday, January 6, please join me in thanking both Rob Petri and Don Paulus for showing up in 4 degree weather to resurface the community Ice rink. Our Friends volunteers go the extra mile to make sure ice skating is available for everyone in our community who wants to skate. Thank you gentlemen!

Thank you for your time.

Hope everyone has a warm and safe week ahead.

Sincerely
Donald G. Schwartz, President
