

# THE ALYSON DUDEK INTERNATIONAL ICE CENTER

**Friends of Hales Corners Park & Pool is raising funds to build a 100' X 200' Olympic-sized, outdoor ice skating rink in Hales Park, right behind the Hales Corners Pool. The proposed Alyson Dudek International Ice Center is targeted to open in December 2013 and will bring back the fun of family recreational skating and other community uses. The Ice Center's namesake, Alyson Dudek, made history when she became the first Wisconsin athlete to medal in short track speedskating at the 2010 Winter Olympics in Vancouver. Estimated costs for building the Ice Center are \$150,000.**

Portion of proceeds go to the Alyson Dudek International Ice Center in 2013 at the Hales Corners McDonald's

To make a tax deductible donation
